Profile

Hello, I'm Isaac Lemayian, a web developer, web designer, and graphics designer. I specialize in creating visually stunning websites with seamless user experiences.

With expertise in front-end and back-end development, as well as graphic design, I bring a unique blend of technical proficiency and creativity to every project. Let's

Education

Free Code Camp

I attained certification with skills in front-end development. This include HTML, CSS, Javascript, React, Tailwind, Sass among other web intergration tools.

2022 - 2023

Udemy school

I learned graphics design and web design using Udemey courses. My skills in photoshop and Figma are strong.

2023 - 2024

Work

Senior Web Developer

I work as senior developer for Kipronowrites which is an SEO and Copywriting Company. I help maintain their code and automations.

2024 - Present

Graphics designer

I volunteered to serve as a designer for Karen Africa Gospel Church and I have grown immensely. I also help in maintaining and optimizing the church website.

2021 - Present

Isaac Lemayian

Web Developer, Graphics designer and web designer
